

Upper School

Sejong Academy of Minnesota

Service in Action

Korean Traditional Music Ensemble presented a public workshop!

International Recognition

11th grade students received official IB certificates!

IB STEM

Math and Science programs received grant funding!

Grades 7-12: One School/Two Programs

The Upper School of Sejong Academy is proud to offer two curriculum programs.

Scholars in grades 7-10 take the International Baccalaureate Middle Years Program. Scholars in grades 11-12 take the new Global Leadership Program. We are an IB World School. Both programs are IB-inspired.

1

THEATER FIELDTRIP

9th-12th grade students attended Cookin' at the CTC.

2

DRUG PREVENTION

Two parent workshops offered in October.

3

KOREAN

Three students were selected as winners for Korean handwriting.

Middle Years Program

Grades 7-10

This is our second year as a fully authorized International Baccalaureate Middle Years Program, and offering 8 subjects to all students including: Korean, Science, PE/Health, Design, Math, English, Social Studies, and Music.

Students are introduced to Approaches to Learning beginning in 7th grade. Teachers work to incorporate these Approaches to Learning in all subjects areas. These include: Self-Management, Communication, Research, Thinking, and Social skills.

MYP Assessment involves aiming for four different IB objectives in each subject. Teachers work hard to align the IB objectives with our Minnesota state standards to offer a rigorous and research-based academic program.

Our strong homeroom program is grounded in Responsive Classroom's Morning Meeting and social emotional learning principles. Students begin and end their days with their homeroom teachers who also lead their conferences.

Follow your child's learning on Toddle, our Learning Management System.

If you are not already registered, please check in with your child's homeroom teacher for log-in directions. You can follow your child's learning with the open grade book, receive progress reports online, and receive weekly announcements in the portal and direct to your email from Upper School Principal Ms. Thompson. Toddle is the primary home-school communication tool of the Upper School at Sejong Academy. Secondary methods include SMS messages and our school's social media accounts on Facebook and Instagram.

GLOBAL LEADERSHIP PROGRAM, GRADES 11-12

Our juniors and seniors are engaging in classes like: Physics, Art & Design, Asian American Studies, English Language Arts, World History, Korean Film, Legal Issues, Personal Finance, Korean Language, Chemistry, Algebra 2, Pre-Calculus, and the cornerstone two-year course: the Global Leadership Core. Co-taught by two teachers, the Global Leadership Core course invites students to plan backyards from the mission of developing as a "scholar of Korean and English and a socially responsible global citizen." GLP Curriculum Coordinator Ms. Noelle Roubinek will further grow the program into an authorized IB Career-Related Program by 2026!
